

GET OUT THE VOTE!

IT'S YOUR VOTE. IT'S YOUR VOICE. YOUR VOTE MATTERS!

We have four more days to get our candidates past the finish line in this high-stakes primary election.

Whether you're already volunteering or just getting involved now, **please help us in the final push!** Here are a few ways for you to increase turnout for our endorsed candidates in San Diego County:

[Ballot Drop-Off Sites](#)

[Campaign Canvassing](#)

- **Volunteer** to get out the vote through a campaign: www.sddemocrats.org/campaign
- **Sign up** to walk or make calls from the Party office: www.sddemocrats.org/events
- **Make calls** using your own computer and phone: www.sddemocrats.org/phonebank
- **Donate** to boost the Party's efforts to turn out voters: www.sddemocrats.org/victory

You can also help by sharing our [Democratic Voter Guide](http://www.sddemocrats.org/vote) (www.sddemocrats.org/vote) online and through your networks, since deceptive ads have been hitting mailboxes and many of our supporters don't know the Party's official recommendations.

Hundreds of thousands of voters in the county are still holding on to ballots -- and they don't need to wait till Tuesday to turn them in. Click [here](#) for a list of early dropoff locations, or go to www.sdvoter.com, our interactive map showing all polling places in the county.

Anyone who didn't register to vote by the May 21 deadline can still register "conditionally" in person at the [Registrar of Voters office](#) in Kearny Mesa, then fill out a ballot there. As long as they're eligible, their votes will be counted. The ROV will be open this Saturday and Sunday, and until 8:00 p.m. on June 5.

Finally, after the polls close on Tuesday, I invite you to join many of our candidates and volunteers for our election night party downtown. We'll be in the second-floor Plaza Room at the [Westin Gaslamp Hotel, 910 Broadway Circle](#), as the first results are released. Thank you for everything you have done -- and will do in the next few days -- to help Democrats win!

Sincerely,

Ryan Hurd
